The Story Behind Our New Logo

You might notice our new look — but don't worry, we haven't changed what you love about Castle Carvery, Clocktower. Instead, we've refreshed our branding with care, keeping the heart of the original while giving it a proud new polish.

Our old logo was created with a lot of love (and maybe a bit of Photoshop!). It had charm, familiarity, and history — and we knew we couldn't just throw it out. So, we kept the elements that mattered and built on them.

Look Closer — There's More Than Meets the Eye

This new logo isn't just a pretty face. It's packed with meaning, designed for both our guests and our team members.

Two Welcoming Guards - Now one male, one female, with friendlier faces and a warmer feel.

A Chef's Hat - Hidden in the castle to celebrate the importance of great food and proud chefs.

Beer and Wine - Our guard doesn't just carry a pint anymore — now he's got something for everyone.

Three Hidden Cs - They stand for Considerate, Collaborative and Conscientious — the values our team lives by every day.

Freshness Up Front - Alongside our signature roast meats, you'll see vibrant touches of green and orange, representing the delicious veg we serve with pride.

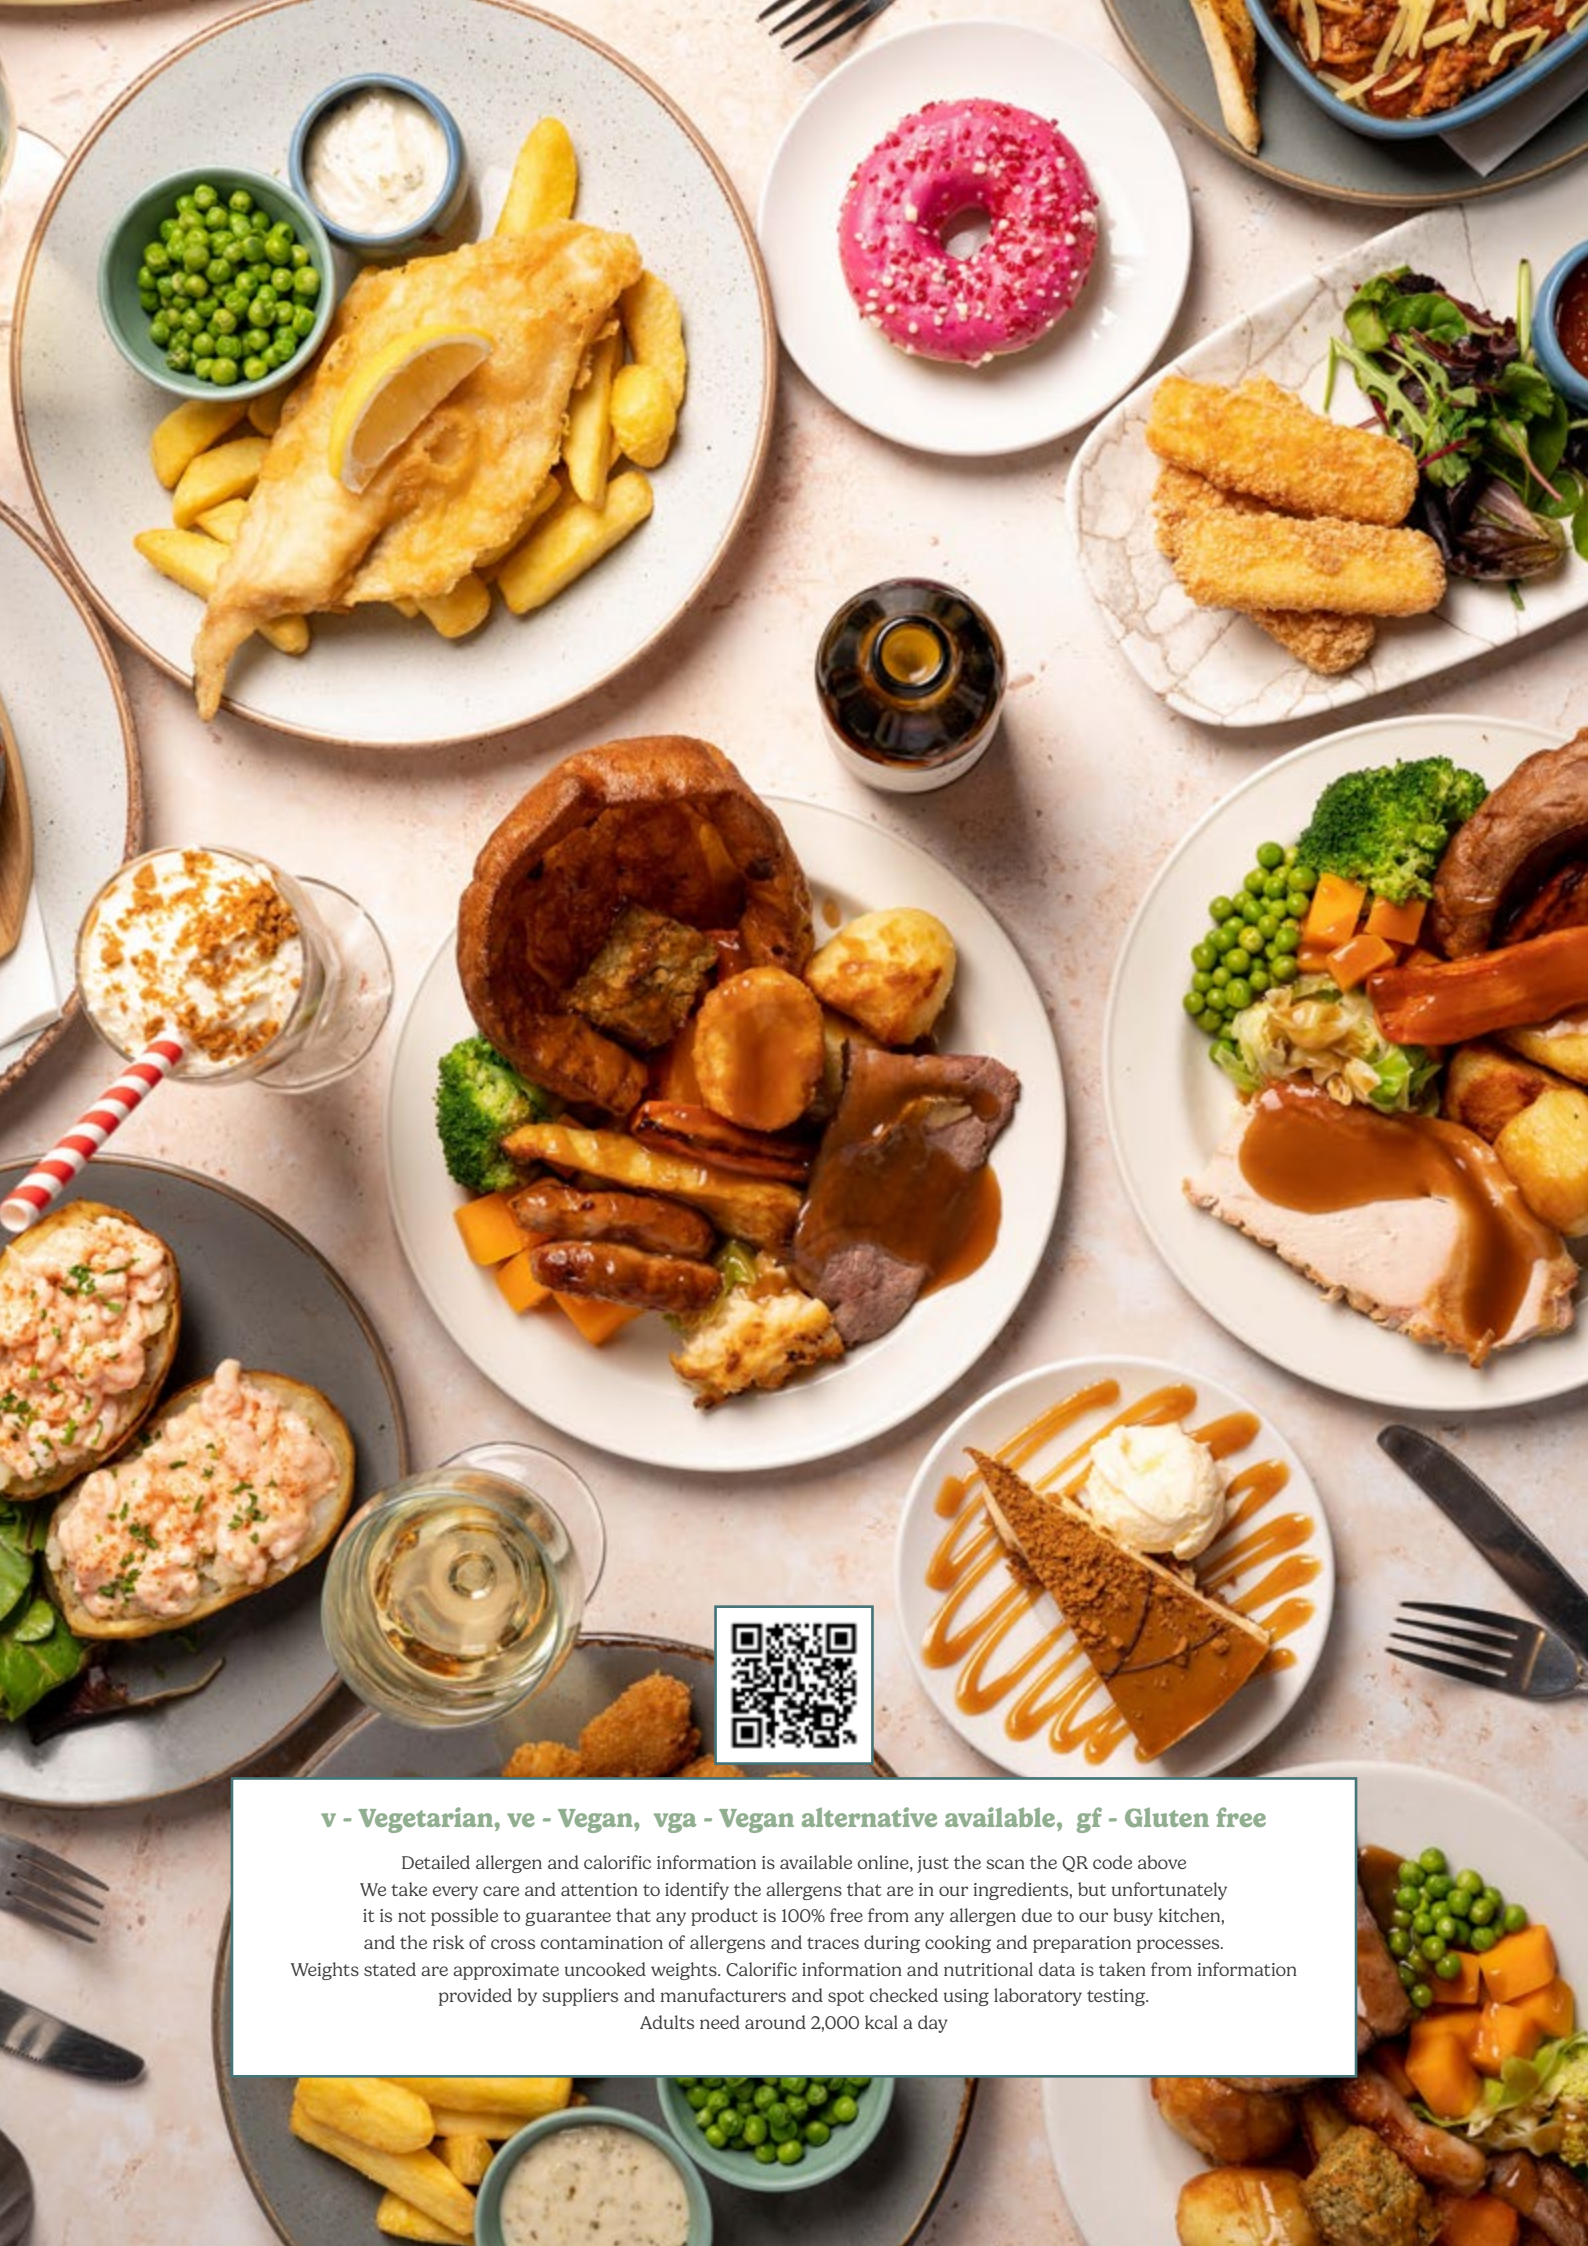

Norfolk Roots - From the colours of the Norfolk flag to the lavender in the logo and around the restaurant, our identity is proudly local.

Why It Matters

This logo is more than a symbol — it tells our story. You'll see its details revealed through our menus, marketing and subtly scattered around you. It's here to reflect who we are: a warm, family-friendly carvery built on community, good food, and good times.

Family. Friends. Good Times. Always.
